

## ESD Static Shield Bags Zip Lock (100/Pack)

SKU: G-SSZB | Sizes: 3"x5" 7.5x12.5cm, 4"x6" 10x15cm, 5"x8" 12.5x20.3cm, 6"x8" 15x20.3cm, 6"x10" 15x25cm, 8"x10" 20x25cm, 10"x12" 25x30cm, 10"x14" 25x35.5cm, 12"x16" 30x40cm, 12"x18" 30x45cm, 16"x18" 40x45cm

### Features & Benefits

- ◆ Provides ESD protection for sensitive electronic products
- ◆ Suitable for PCBs, integrated circuits, and individual components
- ◆ Metallised shielding layer with embedded inner aluminium film for reliable electrical shielding
- ◆ Zip-lock strip for easy sealing and secure closure
- ◆ Protects against electrical discharges from outside the bag
- ◆ **Custom sizes and custom printing available on request**

### About the ESD Static Shield Bags Zip Lock (100/Pack)

**These Zip Top Static Shield Bags are designed to provide superior protection against ESD (Electrostatic Discharge), making them ideal for packing, storing, and transporting sensitive electronic products.**

Whether you're handling PCBs, integrated circuits, or individual components, these bags ensure maximum protection from harmful antistatic charges.

Constructed with a **metallised shielding layer and an inner aluminium film layer**, these bags act as an effective electrical shield against external electrical discharges, safeguarding your valuable electronics.

The zip-lock strip allows for easy sealing, ensuring secure and tamper-resistant packaging.

**Custom size anti-static shield bags and custom printing are available upon request**, providing a tailored solution for your specific needs. **Please call for more details.**
