

# ESD Tabards (Royal Blue) - UNISEX

SKU: 702-019-RB | Sizes: S, M, L

## Features & Benefits

- ◆ **Lightweight and Comfortable** – Designed for all-day wear, these tabards are lightweight, breathable, and comfortable, ensuring ease of movement during tasks.
- ◆ **ESD Warning Symbol** – An ESD warning symbol is prominently attached to the upper left arm to alert personnel to the protective nature of the lab coat.
- ◆ **Custom Embroidery Available** – Custom company logos or embroidery can be added upon request, making these lab coats perfect for corporate environments or branding purposes.

## About the ESD Tabards (Royal Blue) - UNISEX

These high-quality ESD tabards are designed specifically for use in electrostatic discharge (ESD) protected areas. Manufactured from a static dissipative material, they offer reliable protection against ESD risks, making them ideal for environments such as electronics manufacturing, research labs, and cleanrooms.

**Custom Company/Logo Embroidery available, please ask for details**

These ESD tabards provide high-performance static protection in ESD-sensitive environments, combining comfort, functionality, and compliance with the highest standards. ***This ESD clothing is perfect for ensuring the safety and protection of both workers and sensitive equipment in your cleanroom or lab.***

Surface resistance is held within the  $10^6 < R_s < 10^8 \Omega$  range, with volumetric (permeability) resistance at  $R_v < 10^7 \Omega$ , ensuring continuous static dissipation throughout the working day.

## Specifications

Property	Detail
ESD Protective Fabric	63% Polyester, 33% Cotton and 4% Conductive Fibre
Fabric Weight	180 g/m <sup>2</sup>
IEC Standard	IEC 61340-5-1 compliant (ESD clothing for EPAs)
ANSI Standard	ANSI/ESD S20.20 compliant (static control)
Machine Washable	Yes — up to 40°C for at least 50 cycles
Application	ESD-protected areas, electronics mfg, cleanrooms

## SIZE GUIDE & WASHING INSTRUCTIONS

### Care & Washing Instructions

In order to preserve the long life of ESD clothing, you are advised to use industrial laundries who can provide controlled, documented washing procedures and environment.

- ◆ **MACHINE WASHABLE** — in cold or not warmer than 40°C (104°F) lukewarm water with neutral liquid detergent.
- ◆ **DO NOT USE** — detergent or fabric softeners containing bleach or chlorine, or any other form of alkalis or acids.
- ◆ **DO NOT TUMBLE DRY** — dry in the open air.
- ◆ **DOES NOT REQUIRE IRONING** — but if necessary the maximum temperature is 110°C (230°F) or lower.
- ◆ **DRY CLEANABLE** — with any solvent except Trichloroethylene.

### Sizing Chart — Edstar Tabards

## ESD Tabards

SIZES in cm		TOLERANCE	S	M	L
A	BACK LENGTH	±1	76	77	79
B	HIP	±1	44	45	47
C	SHOULDER	±1	35	36	38

## ESD garment measurements

### A. BACK LENGTH

Measurement from the top joint to the bottom of the hem

### B. HIPS

Measurement across the top of hips

### C. SHOULDER

Measurement across the shoulders
