

## Economy Range - Small Toothbrush ESD

SKU: G-BR-2

### Features & Benefits

- ◆ Designed for ESD-sensitive assemblies, ensuring no harmful static charges are generated
- ◆ Ideal for cleaning delicate electronic components and preventing electrostatic discharge (ESD) damage
- ◆ Affordable and effective solution for maintaining ESD safety in professional environments
- ◆ With its compact size and precision, the brush features durable bristles that provide effective cleaning while ensuring safe handling of delicate parts

### About the Economy Range - Small Toothbrush ESD

The Economy Range - Small Toothbrush ESD is specifically designed to allow the safe cleaning of ESD-sensitive assemblies without generating any harmful static charges.

This brush is perfect for detailed cleaning tasks where ESD protection is crucial, helping to prevent electrostatic discharge (ESD) damage to sensitive electronic components.

With its compact size and precision, the brush features durable bristles that provide effective cleaning while ensuring safe handling of delicate parts. A great option for professionals working in ESD-controlled environments, this brush is both affordable and reliable.

### Specifications

Property	Detail
