

## F06 - Flat Nozzle

SKU: GW-F06

### Features & Benefits

- ◆ Flat nozzle for precise and controlled airflow
- ◆ Compatible with HAP 1, HAP 200, and WXHAP 200 hot air tools
- ◆ Supplied as a single unit per package
- ◆ Part of Weller's professional-grade nozzle family
- ◆ Designed for accuracy in soldering and rework applications

### About the F06 - Flat Nozzle

The Weller F06 Flat Nozzle is a durable and efficient accessory designed specifically for the HAP 1 and HAP 200 hot air tools. As part of Weller's professional nozzle range, it delivers focused airflow for precise heating during soldering and rework processes. Supplied as a **single unit per package**, the F06 is ideal for replacing worn components or tailoring tools to specific applications. Its flat design supports accurate heat application, ensuring consistent and high-quality results.
