

FD2 - Dual Nozzle

SKU: GW-FD2

Features & Benefits

- ◆ Dual nozzle design for simultaneous airflow
- ◆ Compatible with HAP 1, HAP 200, and WXHAP 200 hot air tools
- ◆ **Nozzle length:** mm
- ◆ Supplied as one unit per package
- ◆ Ensures even heat distribution for detailed rework
- ◆ Part of Weller's professional hot air nozzle range

About the FD2 - Dual Nozzle

The Weller FD2 Dual Nozzle is a precision-engineered accessory designed for delivering controlled airflow to two points simultaneously.

With a nozzle diameter of 1.5 mm and a length of 8 mm, it is perfect for delicate rework and soldering tasks that require uniform heat application.

Compatible with the HAP 1, HAP 200, and WXHAP 200 hot air tools, the FD2 is supplied as a **single unit per package**.

As part of Weller's high-quality nozzle family, it ensures reliable performance and improved efficiency in demanding electronic work.

Specifications

Property	Detail
Nozzle diameter	1.5 mm
Application	ESD-protected areas, electronics mfg, cleanrooms
