

## FD4 - Dual Nozzle

SKU: GW-FD4

### Features & Benefits

- ◆ Dual nozzle design for simultaneous airflow
- ◆ Compatible with HAP 1, HAP 200, and WXHAP 200 hot air tools
- ◆ Supplied as one unit per package
- ◆ Part of Weller's professional hot air nozzle family
- ◆ Ideal for precision and uniform heat distribution
- ◆ Featuring two nozzles with a diameter of 1.5 mm and a length of 10 mm, it is ideal for applications that demand consistent and evenly distributed heat

### About the FD4 - Dual Nozzle

The Weller FD4 Dual Nozzle is a specialised hot air accessory designed for precision tasks requiring simultaneous airflow to two points.

Featuring two nozzles with a diameter of 1.5 mm and a length of 10 mm, it is ideal for applications that demand consistent and evenly distributed heat.

Compatible with the HAP 1, HAP 200, and WXHAP 200 hot air tools, the FD4 is supplied as a single unit per package.

This dual nozzle is part of Weller's trusted range, engineered for accuracy and efficiency in rework and soldering operations.

### Specifications

Property	Detail
Nozzle diameter	1.5 mm
Nozzle length	10 mm
Application	ESD-protected areas, electronics mfg, cleanrooms
