FLEXIVAC® De-Solder Pump

SKU: 201-860

Features & Benefits

- Professional, compact design
- Flexible silicone rubber nozzle
- Anti-static, carbon-impregnated tip
- Durable aluminium body
- External extraction springs prevent solder build-up
- 3-position anti-static operation

About the FLEXIVAC® De-Solder Pump

FLEXIVAC® Anti-Static De-Soldering Pump with flexible nozzle is a professional-grade, compact desoldering tool designed for efficient solder removal and ESD-safe operation.
Its silicone rubber “flexi nozzle” ensures precision and flexibility, while the anti-static carbon-impregnated tip provides safe conduction from the desoldering point to the operator. Ideal for electronics repair and production environments.
Compatible with:
• FLEXIVAC® De-Solder Nozzles (5 pack)

Specifications

Property	Detail
Dimensions	198 x 26 x 30 mm
Weight	60 g
Application	ESD-protected areas, electronics mfg, cleanrooms
