

FREE ESD Safety Clog

SKU: GS-FREE | Sizes: UK 3 - Euro 36, UK 4 - Euro 37, UK 5 - Euro 38, UK 6 - Euro 39, UK 7 - Euro 41, UK 8 - Euro 42, UK 9 - Euro 43, UK 10 - Euro 44, UK 11 - Euro 46, UK 12 - Euro 47

Features & Benefits

- ◆ **Italian-Made Quality:** The FREE ESD Safety Clog combines Italian craftsmanship with high-quality materials for lasting durability and protection.
- ◆ **ESD Protection:** Certified as ESD class 3 for electric dissipative footwear, ensuring effective static discharge control in ESD-sensitive environments.
- ◆ **Certified Safety Standards:** Meets CE UNI EN ISO 20345:2012 SB FO A E SRC for footwear protection, offering safety, durability, and reliability.
- ◆ **Polymeric Composite Toecap:** Features a 200J polymeric composite toecap, non-thermic, compliant with EN 12568 standards for maximum toe protection.
- ◆ **KUBE Polyurethane Sole:** The KUBE sole is antistatic, resistant to hydrolysis, abrasion, and hydrocarbons, with anti-shock and anti-slipping properties for added safety and stability.
- ◆ **Removable Insole:** Equipped with the 5000 extracomfort insole, made of three materials, offering perspiration, removability, anatomic fit, absorbing, ESD, and anti-bacterial benefits for comfort during long shifts.
- ◆ **Metal-Free Design:** The clog is completely metal-free, providing a lightweight, comfortable fit while maintaining static dissipation and safety.
- ◆ **Size Range:** Available in UK sizes 3-12 (Euro 35-47), with size 42 weighing only 445g, providing a versatile, unisex fit.

About the FREE ESD Safety Clog

The FREE ESD Safety Clog is premium, Italian-made footwear designed for professionals in Electrostatic Discharge Protected Areas (EPA).

With ESD class 3 certification, this lightweight and comfortable clog offers excellent static dissipative protection and value for money. It features a 200J polymeric composite toecap, a KUBE bidensity polyurethane sole that is antistatic, abrasion-resistant, and anti-slipping, and a removable, breathable insole for all-day comfort.

Certified to meet CE UNI EN ISO 20345:2012 and IEC 61340-4-3:2001 for electrical resistance, this metal-free clog is the ideal choice for environments requiring ESD protection.

The FREE ESD Safety Clog is perfect for electronics, manufacturing, and other ESD-sensitive industries, offering a combination of comfort, protection, and value. With advanced ESD technology, abrasion resistance, and all-day comfort, this clog is an essential addition to your workwear for ensuring safety in controlled environments.
