About the FUNK ESD Safety Trainer

Funk ESD Safety Trainer – High-Quality Italian-Made Footwear

The Funk ESD Safety Trainer is the perfect combination of style, comfort, and ESD protection in a lightweight and high-performance design. Made in Italy, this safety trainer is ideal for professionals who need reliable protection from electrostatic discharge without sacrificing comfort.

Designed to meet EN ISO 20345:2011 standards, the Funk ESD Safety Trainer features a 200J non-metallic composite toecap for impact protection and a water-repellent full-grain leather upper for durability and comfort. With a non-metallic APT PLATE midsole for zero perforation and low electrical resistance, this trainer is ideal for use in ESD-sensitive environments, such as electronics or pharmaceutical industries.
