

Folding Utility Knife

SKU: 210-626

Features & Benefits

- ◆ Ergonomic anodised aluminium handle for strength, comfort, and lightweight use
- ◆ Stainless steel blade holder reduces blade wobble during cuts
- ◆ Quick-release push-button locking mechanism for single-handed operation
- ◆ Easy-fit blade holder for fast blade changes (under 3 seconds)
- ◆ Thumb ledge for better control and firmer cutting action
- ◆ Ideal for precision cutting tasks
- ◆ The Folding Utility Knife features an ergonomic anodised aluminium handle, offering strength, lightweight comfort, and ease of use

About the Folding Utility Knife

The Folding Utility Knife features an ergonomic anodised aluminium handle, offering strength, lightweight comfort, and ease of use.

Its precision-engineered stainless steel blade holder reduces blade wobble, ensuring clean, straight cuts.

The quick-release push-button locking mechanism allows for single-handed operation, while the easy-fit blade holder enables blade changes in less than 3 seconds.

A thumb ledge provides greater control, allowing for firmer cutting action.
