

# Fragile Packaging Tape

SKU: P-FT

## Features & Benefits

- ◆ **Bold "FRAGILE" Message:** Clearly indicates fragile contents for safe handling.
- ◆ **Durable PVC Film:** Offers excellent plasticity, rigidity, and high adhesion.
- ◆ **Hand-Tearable:** Can be easily torn by hand or used with a dispenser.
- ◆ **Slow Release & Quiet:** Designed for quiet, controlled application.
- ◆ **High Tack Adhesive:** Solvent-based adhesive for superior bonding strength.
- ◆ **Adhesive Composition:** Natural rubber and resins for enhanced durability.

## About the Fragile Packaging Tape

Ensure the safe delivery of fragile items with this high-quality *Fragile Warning Tape*.

Made from durable PVC film, this tape is designed to securely seal packages while clearly communicating the need for careful handling. Featuring a bold red "FRAGILE" message, this tape offers excellent plasticity, rigidity, and high tack adhesion, making it ideal for both manual and dispenser use.

With a strong, solvent-based adhesive, this tape performs optimally in ambient and warm temperatures, ensuring reliable performance throughout the shipping process.
