About the GOLDEN ESD Safety Shoe

Golden ESD Safety Shoe – High-Quality Italian Footwear for Maximum Comfort and Protection

The Golden ESD Safety Shoe is an Italian-made footwear designed to provide optimal electrostatic discharge (ESD) protection in a stylish, lightweight, and highly comfortable unisex design. Engineered to meet EN ISO 20345:2011 standards, this ESD safety shoe offers superior 200J steel toecap protection and is made from durable full-grain leather, ensuring long-lasting wear and enhanced safety. With its single-density polyurethane sole, the shoe provides excellent comfort and a low level of electrical resistance, making it perfect for use in ESD-sensitive environments.

Golden ESD Safety Shoes are ideal for professionals who require reliable footwear that delivers on both performance and comfort. Whether you're working in electronics, cleanrooms, or environments requiring ESD protection, these shoes offer the perfect combination of safety, comfort, and value for money.
