

# GQ-10B-4B

SKU: GQ-10B-4B

## Features & Benefits

- ◆ 2mm conical tip for precision soldering
- ◆ Compatible with QUICK TS10 Soldering Station
- ◆ Designed for TSS10A Soldering Iron
- ◆ TSS10B series – suited for high heat applications
- ◆ Excellent for fine, detailed soldering work
- ◆ Durable construction for long-lasting performance

## About the GQ-10B-4B

The QUICK 2mm Conical 10B-4B soldering tip is a precision-crafted tip designed for use with the Quick TS10 Soldering Station and the TSS10A Soldering Iron.

Belonging to the high-performance TSS10B series, this conical tip is ideal for high heat soldering where accuracy is key. Its fine 2mm point allows for detailed work on small components, making it perfect for electronics repair and delicate soldering tasks.

**\*\* Tips are supplied individually. \*\***
