

GQ-10B-4C

SKU: GQ-10B-4C

Features & Benefits

- ◆ 4mm hoof tip for enhanced soldering efficiency
- ◆ Compatible with QUICK TS10 Soldering Station
- ◆ Designed for use with the TSS10A Soldering Iron
- ◆ TSS10B series – ideal for high heat applications
- ◆ Excellent thermal conductivity and durability
- ◆ Suitable for medium-to-large solder joints

About the GQ-10B-4C

The QUICK 4mm Hoof 10B-4C soldering tip is a high-quality replacement tip designed for the Quick TS10 Soldering Station and the TSS10A Soldering Iron.

Part of the TSS10B series, this tip is crafted for high heat soldering applications, delivering excellent thermal conductivity and precision. Its 4mm hoof shape is ideal for medium-to-large soldering joints, ensuring efficient and controlled heat transfer for professional results.

**** Tips are supplied individually. ****
