

GQ-10B-B

SKU: GQ-10B-B

Features & Benefits

- ◆ Ultra-fine 0.5mm conical tip for maximum precision
- ◆ Compatible with QUICK TS10 Soldering Station
- ◆ Designed for use with the TSS10A Soldering Iron
- ◆ TSS10B series – built for high heat performance
- ◆ Perfect for micro-soldering and fine electronics work
- ◆ Durable and reliable for consistent results

About the GQ-10B-B

The QUICK 0.5mm Conical 10B-B soldering tip is a highly precise tool designed for the Quick TS10 Soldering Station and the TSS10A Soldering Iron.

As part of the high-performance TSS10B series, it's engineered for high heat soldering applications. With its ultra-fine 0.5mm conical tip, it's ideal for intricate soldering work on micro-components, surface-mount devices, and delicate PCBs.

**** Tips are supplied individually. ****
