

# GQ-10C-1C

SKU: GQ-10C-1C

## Features & Benefits

- ◆ Compatible with Quick TS10 Soldering Station and TSS10A Soldering Iron
- ◆ 1mm hoof-style tip for precision soldering and drag technique
- ◆ Ideal for fine-pitch components and general-purpose use
- ◆ Part of the 10C series – suited to regular soldering applications
- ◆ Delivers reliable, even heat distribution
- ◆ Long-lasting design for extended use

## About the GQ-10C-1C

The **QUICK 1mm Hoof 10C-1C Soldering Tip** offers precise control and smooth solder application for regular soldering tasks.

Made for use with the Quick TS10 Soldering Station and the TSS10A Soldering Iron, this compact hoof-style tip is perfect for drag soldering and small-to-medium component work. As part of the 10C series, it combines efficient heat transfer with durable construction for consistent, high-quality results.

**\*\* Tips are supplied individually. \*\***
