

GQ-10C-3C

SKU: GQ-10C-3C

Features & Benefits

- ◆ Compatible with Quick TS10 Soldering Station and TSS10A Soldering Iron
- ◆ 3mm hoof-style tip for efficient solder application
- ◆ Ideal for drag soldering and large pad work
- ◆ Part of the 10C series – suited for general-purpose soldering
- ◆ Excellent heat transfer for consistent soldering performance
- ◆ Robust design for long service life

About the GQ-10C-3C

The **QUICK 3mm Hoof 10C-3C Soldering Tip** is built for efficient solder delivery and excellent thermal performance in regular soldering tasks.

Specifically designed for use with the Quick TS10 Soldering Station and the TSS10A Soldering Iron, this hoof-style tip is ideal for drag soldering and working with larger pads or components. As part of the reliable 10C series, it offers durability and consistent heat distribution for professional-quality results.

**** Tips are supplied individually. ****
