

## GQ-10C-B-01

SKU: GQ-10C-B-01

### Features & Benefits

- ◆ Compatible with Quick TS10 Soldering Station and TSS10A Soldering Iron
- ◆ 0.5mm conical tip for fine, precise soldering
- ◆ Excellent for micro-soldering and surface-mount devices (SMDs)
- ◆ Part of the 10C series – suitable for everyday soldering tasks
- ◆ Reliable heat performance for consistent results
- ◆ Durable design for long-lasting use

### About the GQ-10C-B-01

**The QUICK 0.5mm Conical 10C-B-01 Soldering Tip is ideal for high-precision soldering in tight or delicate areas.**

Designed for use with the Quick TS10 Soldering Station and the TSS10A Soldering Iron, this fine-point conical tip is part of the reliable 10C series, tailored for regular soldering applications. With its sharp profile and excellent heat transfer, it's perfect for detailed electronics work, including micro-soldering and surface-mount components.

**\*\* Tips are supplied individually. \*\***
