

## GQ-10C-B

SKU: GQ-10C-B

### Features & Benefits

- ◆ Designed for use with Quick TS10 Soldering Station and TSS10A Soldering Iron
- ◆ 0.5mm conical tip for fine-detail soldering
- ◆ Suitable for micro-soldering and precision electronic repairs
- ◆ Part of the 10C series – made for general soldering tasks
- ◆ Consistent thermal response and excellent heat transfer
- ◆ Durable, long-life construction

### About the GQ-10C-B

**The QUICK 0.5mm Conical 10C-B Soldering Tip delivers pinpoint accuracy for detailed soldering jobs.**

Designed to fit the Quick TS10 Soldering Station and the TSS10A Soldering Iron, this fine-tip conical model is part of the dependable 10C series, ideal for regular soldering applications. With its sharp 0.5mm tip, it's perfectly suited for precision electronics work, offering smooth heat transfer and reliable performance.
