

HELSINKI ESD Safety Clog

SKU: GS-HELSINKI | Sizes: UK 3 - Euro 36, UK 4 - Euro 37, UK 5 - Euro 38, UK 6 - Euro 39, UK 7 - Euro 41, UK 8 - Euro 42, UK 9 - Euro 43, UK 10 - Euro 44, UK 11 - Euro 46, UK 12 - Euro 47

Features & Benefits

- ◆ **High-Quality Italian Made Footwear** – Durable, lightweight, and designed for long-lasting comfort.
- ◆ **ESD Class 3 Protection** – Electrostatic dissipative footwear ideal for environments requiring ESD control.
- ◆ **200J Polymeric Composite Toecap** – Provides impact and compression protection while being non-thermic (EN 12568).
- ◆ **KUBE Bidensity Polyurethane Sole** – Antistatic, resistant to abrasion, hydrocarbons, and hydrolysis, with anti-shock and anti-slipping SRC properties.
- ◆ **5000 Three-Materials Extracomfort Insole** – Removable, anatomic, perspiring, ESD, and anti-bacterial for superior comfort and moisture management.
- ◆ **CE Certified** – Conforms to CE UNI EN ISO 20345:2012 SB FO A E SRC ESD Class 3 standards.
- ◆ **Available Sizes:** UK 3-12 (Euro 35-47), catering to a wide range of foot sizes.
- ◆ **Lightweight Design** – Weighs only 432 grams (size 42), offering comfort throughout long work shifts.
- ◆ This ESD safety clog combines an extremely lightweight and comfortable design with advanced safety features, making it the perfect choice for professionals in industries requiring ESD protection, such as electronics manufacturing, cleanrooms, and laboratories

About the HELSINKI ESD Safety Clog

Helsinki ESD Safety Clog – Premium Italian-Made Footwear with Superior ESD Protection

The Helsinki ESD Safety Clog is a high-quality, Italian-made footwear designed to deliver comfort, durability, and electrostatic discharge (ESD) protection in demanding environments. This ESD safety clog combines an extremely lightweight and comfortable design with advanced safety features, making it the perfect choice for professionals in industries requiring ESD protection, such as electronics manufacturing, cleanrooms, and laboratories. Certified to CE UNI EN ISO 20345:2012 SB FO A E SRC ESD Class 3, this clog provides reliable protection against static electricity while offering superior comfort for long working hours.

Featuring a 200J polymeric composite toecap, the Helsinki ESD Clog provides excellent impact and compression protection, while the KUBE bidensity polyurethane sole ensures high resistance to abrasion, hydrocarbons, and hydrolysis. The 5000 three-materials extracomfort insole is removable, anatomic, and anti-bacterial, providing ultimate comfort, moisture absorption, and ESD protection. This clog also satisfies the requirements of IEC 61340-4-3:2001 for electrical resistance, ensuring safety in ESD-sensitive environments.
