

## Hose Kit - Laser 3m x 75mm Flex

SKU: 503-370

### Features & Benefits

- ◆ **Hose Length:** 3 metres for extended reach and flexibility.
- ◆ **75mm Rubber Cuff Ends:** Secure and durable connection to equipment, preventing leaks.
- ◆ **Flexible Design:** Allows for easy manoeuvrability and adjustment in the workspace.
- ◆ **Efficient Fume Extraction:** Ensures optimal airflow for safe and effective laser operations.
- ◆ Featuring a 75mm diameter hose with 75mm rubber cuff ends, this 3-metre kit provides secure, leak-free connections for optimal performance

### About the Hose Kit - Laser 3m x 75mm Flex

The BOFA Complete Hose Kit - 3m 75mm Flex with Cuffs is an essential solution for efficient fume extraction in laser applications.

Featuring a 75mm diameter hose with 75mm rubber cuff ends, this 3-metre kit provides secure, leak-free connections for optimal performance.

The flexible hose ensures ease of movement and reliable fume removal, making it ideal for laser cutting, engraving, and other industrial processes requiring precise air extraction.

### Specifications

Property	Detail
Hose Diameter	75mm
Application	ESD-protected areas, electronics mfg, cleanrooms
