- ◆ Industrial-grade disposable cloth that resists tearing and ripping
- ◆ Convenient easy-to-open tub packaging, wipes stay moist until used
- ◆ **Pack of 100 wipes**, perfect for electronic circuit board cleaning, surface preparation, and more

About the IPA PREMIUM Tub Wipes (100 Wipes)

IPA PREMIUM Tub Wipes are high-quality, 68gsm Polyviscose wipes, pre-saturated with 70% IPA and 30% DI water, designed for precision cleaning and degreasing in a variety of industries.

These wipes are ultra-low linting, ensuring a clean finish, and offer fast evaporation for quick, grease-free drying.

Perfect for stencil cleaning, label removal, and surface preparation, they are durable, tear-resistant, and ideal for cleaning sensitive surfaces such as stainless steel and electronic components.

Conveniently packaged in an easy-to-open tub, these wipes maintain moisture and stay fresh until needed.
