- ◆ Conforms to BS 1595, ASTM D770, and DIN 53245 standards
- ◆ Leaves zero residue for a clean, dry surface
- ◆ 6-year shelf life from the date of manufacture

About the IPA Solvent - 400ml

IPA SOLVENT - ISOPROPYL ALCOHOL CLEANING SOLVENT

Ambersil IPA Solvent (400ml) is a highly effective, alcohol-based cleaner designed for use on optical devices, switches, PCBs, and general electronics.

Its gentle yet powerful formula ensures excellent cleaning without damaging components.

Safe for use on a wide range of materials, including plastics, rubber, composites, metal, and painted surfaces, IPA Solvent conforms to BS 1595, ASTM D770, and DIN 53245 standards.

With zero residue left behind, it offers a thorough and reliable cleaning solution, backed by a 6-year shelf life.
