

Inox Vacuum Pipe

SKU: 601-108-3

Features & Benefits

- ◆ Fits DPF200/300 depaneling systems
- ◆ Made of high-quality inox (stainless steel) for durability
- ◆ Essential for maintaining the vacuum system in the depaneling process
- ◆ Genuine manufacturer part for optimal compatibility and performance

About the Inox Vacuum Pipe

The Inox Vacuum Pipe is a genuine manufacturer part designed to fit the DPF200 and DPF300 PCB depaneling systems.

Crafted from high-quality inox (stainless steel), this vacuum pipe ensures reliable performance and durability.

It is essential for maintaining the vacuum system that efficiently collects debris during the depaneling process, ensuring a clean and smooth operation.
