About the KRESS ESD Safety Trainer

Kress ESD Safety Trainer – High-Quality Italian-Made Footwear

The Kress ESD Safety Trainer is a premium Italian-made shoe that combines advanced safety features, comfort, and lightweight design. It is specifically crafted for those working in ESD-sensitive environments, offering superior protection against electrostatic discharge while maintaining a high level of comfort for long hours on the job.

Perfect for electronics, pharmaceuticals, and other industries where ESD control is critical, the Kress ESD Safety Trainer is designed to meet the EN ISO 20345:2011 standard, ensuring maximum safety and electrical dissipation without compromising on style or comfort.
