

# KRESS ESD Safety Trainer

SKU: GS-KRESS

## Features & Benefits

- ◆ **COFRA SOFT ESD Footbed** – The COFRA SOFT ESD footbed is made from scented polyurethane, featuring an anatomic design with holes for increased ventilation. The footbed's design also absorbs moisture and provides excellent impact energy absorption.
- ◆ **ESD Class 3 Certified** – The Kress ESD Safety Trainer meets ESD Class 3 standards, providing low electrical resistance and ensuring safety in environments where electrostatic discharge is a risk.
- ◆ **UK Sizes: 2-13 (Euro 35-48)** – Ensures a wide range of sizes to fit all workers, from smaller to larger foot sizes.

## About the KRESS ESD Safety Trainer

### Kress ESD Safety Trainer – High-Quality Italian-Made Footwear

The Kress ESD Safety Trainer is a premium Italian-made shoe that combines advanced safety features, comfort, and lightweight design. It is specifically crafted for those working in ESD-sensitive environments, offering superior protection against electrostatic discharge while maintaining a high level of comfort for long hours on the job.

Perfect for electronics, pharmaceuticals, and other industries where ESD control is critical, the Kress ESD Safety Trainer is designed to meet the EN ISO 20345:2011 standard, ensuring maximum safety and electrical dissipation without compromising on style or comfort.

## Specifications

Property	Detail
Toecap	200J Aluminium
Upper	Highly Breathable BREATHEX Fabric
Midsole	Non-Metallic APT PLATE
Sole	Polyurethane/TPU
Lining	SANY-DRY®
Application	ESD-protected areas, electronics mfg, cleanrooms
