

# LAS VEGAS S1P ESD Safety Shoe

SKU: GS-VEGAS

## Features & Benefits

- ◆ **Lightweight, Unisex ESD Shoe**
- ◆ **MICRO-tech Technical Fabric** – 1.8-2.0 mm thick, durable, breathable, and abrasion-resistant, designed for long-lasting use.
- ◆ **ANTI-TORSION Insert** – Provides foot stability on uneven ground, reducing fatigue and improving overall comfort during long shifts.
- ◆ Constructed with MICRO-tech technical fabric (1.8-2.0 mm thickness), the shoe features a breathable, abrasion-resistant lining for added comfort

## About the LAS VEGAS S1P ESD Safety Shoe

### Las Vegas ESD Safety Shoe – Premium Italian-Made Footwear for Comfort and Protection

The Las Vegas ESD Safety Shoe is a top-tier, Italian-made footwear solution offering exceptional comfort and protection for workers in electrostatic-sensitive environments. Designed for durability and safety, this lightweight unisex shoe provides outstanding value for money without compromising on quality or performance. Certified to CE UNI EN ISO 20345:2012 S1P SRC ESD, the Las Vegas meets the stringent standards required to protect workers from electrostatic discharge (ESD), ensuring that static-sensitive devices are kept safe from damage.

Constructed with MICRO-tech technical fabric (1.8-2.0 mm thickness), the shoe features a breathable, abrasion-resistant lining for added comfort. The 200J polymeric composite toecap provides impact protection, while the 3HYBRID polyurethane sole ensures excellent anti-slip, shock-absorbing, and abrasion-resistant performance. Designed with an anti-torsion insert, the Las Vegas shoe maintains stability and reduces foot fatigue, even on uneven ground.

The Las Vegas ESD Safety Shoe is fully metal-free and complies with the IEC 61340-4-3:2017 standard for electrical resistance, offering reliable ESD protection for professionals handling sensitive equipment in various industrial and electronics settings.

## Specifications

Property	Detail
ESD Class	Yes
Lining	Breathable, Abrasion-Resistant Fabric
Toecap	200J Polymeric Composite
Midsole	Flexible Antiperforation
Sole	3HYBRID Polyurethane
Insole	5000
Sizes	36-47
Weight	495g (Size 42)
Application	ESD-protected areas, electronics mfg, cleanrooms
