About the LUTON ESD High Shoe

Luton ESD High Shoe – Premium Italian-Made Footwear with Advanced ESD Protection and Comfort

The Luton ESD High Shoe is a high-quality, Italian-made footwear designed to offer exceptional electrostatic discharge (ESD) protection while ensuring maximum comfort and durability. With its lightweight and comfortable unisex design, this ESD high shoe is ideal for professionals working in ESD-sensitive environments, such as electronics manufacturing, cleanrooms, and laboratories. Certified to CE UNI EN ISO 20347:2012 O2 FO CI SRC ESD Class 3, the Luton ESD High Shoe meets the highest safety standards for electrical resistance and offers outstanding protection in environments that require ESD control.

The City bidensity polyurethane sole provides excellent antistatic properties, while also being resistant to hydrolysis, abrasion, and hydrocarbons. The 5000 extracomfort insole is removable, perspiring, and anatomic, offering moisture absorption and ensuring comfort throughout long shifts. The CI insulation protects against cold, with a surface temperature resistance of up to -17°C, making this shoe perfect for colder environments. The flexible, anti-perforation composite fabric midsole adds an extra layer of protection, preventing punctures and increasing safety in demanding work settings.

Specifications

Property	Detail
ESD Class	Class 3
Standard	CE UNI EN ISO 20347:2012 O2 FO CI SRC
Sole	City Bidensity Polyurethane
Insole	5000 Extracomfort
Insulation	CI (to -17°C)
Midsole	Flexible Anti-Perforation Composite
Sizes	UK 4-12 (Euro 37-47)
Weight	540 g (size 42)
Application	Grove Sales Ltd Unit 3 Beaver Industrial Estate, 8 Airfield Road, Christchurch, Dorset BH23 3TG ESD-protected areas, electronics mfg, cleanrooms Tel: 01202 588900 sales@grovesales.co.uk www.grovesales.co.uk VAT Reg: 579945562
