- ◆ Featuring non-metallic protection, recycled materials, and advanced moisture-wicking technology, this trainer is built for durability, comfort, and environmental responsibility

About the LUX ESD Safety Trainer - ECO Friendly

Lux ESD Safety Trainer – High-Quality, Eco-Friendly Italian Footwear

The Lux ESD Safety Trainer offers an unbeatable combination of advanced ESD protection, comfort, and eco-friendly design. Crafted in Italy, this high-performance ESD footwear is perfect for those who work in environments sensitive to electrostatic discharge. Whether you're in electronics, pharmaceuticals, or other ESD-critical sectors, the Lux ESD Safety Trainer ensures maximum protection without compromising on comfort or sustainability.

With a lightweight, unisex design, and a strong focus on environmentally friendly materials, the Lux ESD Safety Trainer meets the EN ISO 20345:2011 standards for safety and performance. Featuring non-metallic protection, recycled materials, and advanced moisture-wicking technology, this trainer is built for durability, comfort, and environmental responsibility.
