

Large Oval Head ESD Semi Flush Cutter

SKU: G-HT-C13

Features & Benefits

- ◆ **ESD Safe:** Protects sensitive electronic components from electrostatic discharge.
- ◆ **Large Oval Head:** Provides precision cutting for larger tasks and better access to various workspaces.
- ◆ **Semi Flush Cutter:** Delivers clean, semi-flush cuts for a smooth and professional finish.
- ◆ **Laser Cut Design:** Guarantees high accuracy and durability for long-lasting performance.
- ◆ **Cutting Edge Hardness (62 HRC):** Maintains a sharp, long-lasting cutting edge.
- ◆ **C70 Hardened Steel:** Made from high-quality steel for strength and reliability.
- ◆ **Bi-Component Handles:** Ergonomically designed with supersoft grips for maximum comfort during extended use.
- ◆ Featuring a large oval head and supersoft bi-component handle grips, this cutter offers excellent control and comfort during use

About the Large Oval Head ESD Semi Flush Cutter

The Large Oval Head ESD Semi Flush Cutter is designed for precision and durability in ESD-sensitive environments.

Featuring a large oval head and supersoft bi-component handle grips, this cutter offers excellent control and comfort during use. With a 1.8mm cutting capacity for copper wire, it delivers clean, semi-flush cuts for a professional finish. ESD safe, it protects sensitive electronic components from electrostatic discharge, making it a reliable tool for professionals in electronics assembly, repair, and other delicate tasks.

Specifications

Property	Detail
Cutting Capacity	1.8mm
Tool Length	125mm
Application	ESD-protected areas, electronics mfg, cleanrooms
