

Large Tapered Head ESD Semi Flush Cutter

SKU: G-HT-C8

Features & Benefits

- ◆ **ESD Safe:** Protects sensitive electronic components from electrostatic discharge.
- ◆ **Large Tapered Head:** Offers precision cutting for larger tasks and hard-to-reach spaces.
- ◆ **Semi Flush Cutter:** Provides clean, semi-flush cuts for a professional, smooth finish.
- ◆ **Laser Cut Design:** Ensures high accuracy and long-lasting durability.
- ◆ **Cutting Edge Hardness (62 HRC):** Maintains a sharp, durable cutting edge for consistent results.
- ◆ **C70 Hardened Steel:** High-quality, durable steel for reliable performance.
- ◆ **Bi-Component Handles:** Ergonomically designed with supersoft grips for maximum comfort and control during extended use.

About the Large Tapered Head ESD Semi Flush Cutter

The **Large Tapered Head ESD Semi Flush Cutter** is a reliable tool for precision cutting in ESD-sensitive environments. Designed with a large tapered head and supersoft bi-component handle grips, this cutter ensures comfort and control during use. With a 1.8mm cutting capacity for copper wire, it provides clean, semi-flush cuts, making it ideal for various electronic and assembly tasks. ESD safe, it protects sensitive components from electrostatic discharge, ensuring durability and performance for professionals working with delicate electronics.

Specifications

Property	Detail
Cutting Capacity	1.8mm
Tool Length	130mm
Application	ESD-protected areas, electronics mfg, cleanrooms
