

Lemsolv (500ml, and 5 Litres)

SKU: 303-10 | Sizes: Lemsolv Spray 500ml, Lemsolv 5 Litres

Features & Benefits

- ◆ **Residue-Free:** Leaves no residue, ensuring clean components and surfaces.
- ◆ **Critical Cleaning:** Effectively removes oil, grease, flux, and other contaminants without compromising the integrity of the parts.
- ◆ **High Solvency:** Offers exceptional solvency for tackling heavy-duty contaminants.
- ◆ **Versatile Application:** Ideal for use as a general-purpose degreaser and flux remover for PCBs, electrical motors, and precision components.
- ◆ **Effective on Bench Tops:** Can be used for cleaning workspaces, removing oils and fluxes.
- ◆ **Ideal For:**
 - ◆ **Electrical Components:** Removes oils and flux contamination from sensitive parts.
 - ◆ **Precision Cleaning:** Perfect for use in delicate industrial equipment, motors, and PCBs.
 - ◆ **Bench Top Cleaning:** Ensures a clean workspace for critical tasks.

About the Lemsolv (500ml, and 5 Litres)

Lemsolv is a citrus-based, high-performance solvent cleaner designed to remove oil, flux, and other contaminants from electrical, precision, and industrial components.

It's an excellent solution for cleaning surfaces and ensuring critical precision in industrial and electronic applications.

- **500ml** – Handy for smaller applications and spot cleaning.
- **5 Litres** – Suitable for larger-scale operations and bulk use.

Specifications

Property	Detail
Flash Point	57°C
Application	ESD-protected areas, electronics mfg, cleanrooms
