

Lightbox Wafer 1 (A4)

SKU: 201-520-06

Features & Benefits

- ◆ **Ultra-Slim Design:** Only 8mm thick, making it portable and easy to store.
- ◆ **Dimmable LED Light:** Continuous dimmer with memory function for customised lighting control.
- ◆ **True Colour Matching:** Daylight LED source for accurate colour representation.
- ◆ **Convenient Marking Guides:** Inch and centimetre guides along the sides for precise measurements.
- ◆ **Compact Illuminated Area:** 23cm x 32cm, ideal for A4-sized projects.
- ◆ **Energy Efficient:** Only 7.6W power consumption for low energy use.
- ◆ **Long-Lasting LED:** 50,000 hours rated life for durability and reliability.

About the Lightbox Wafer 1 (A4)

The Daylight Wafer 1 A4 Lightbox is a sleek, ultra-light, and ultra-bright LED lightbox designed for precise tracing on paper or fabric.

With edge-to-edge even brightness, it's the perfect tool for detail-oriented tasks.

The light is dimmable to accommodate various paper weights and fabric thicknesses, and it includes a convenient marking guide for easy measurements.

Its compact, slim design makes it easy to transport, and the long-lasting LED ensures consistent performance over time.
