About the Lightbox Wafer 2 (A3)

The Daylight Wafer 2 A3 Lightbox is an ultra-slim, ultra-light, and ultra-bright LED lightbox designed for tracing on paper or fabric.

With its edge-to-edge even brightness and dimmable feature, it's perfect for a range of tasks that require accurate lighting.

The lightbox includes handy marking guides in inches and centimetres, and with its A3 size, it's ideal for both professional and hobbyist use.

The thin profile and long-lasting LED light source make it a reliable and convenient tool for any workspace.
