

## Long Nose Plier - Serrated

SKU: GT-PN2005

### Features & Benefits

- ◆ Serrated, pointed jaws for a secure grip and precision
- ◆ 160mm tool length for extended reach and control
- ◆ Steel thickness of 3.0mm for durability and strength
- ◆ Ideal for use in difficult-to-reach areas and handling small components

### About the Long Nose Plier - Serrated

**The Long Nose Plier - Serrated is designed for precision work in tight and hard-to-reach spaces.**

Its serrated, pointed jaws offer a secure grip, making it ideal for handling small or delicate components.

With a 160mm tool length, these pliers provide extended reach and control, while the 3.0mm steel thickness ensures strength and durability for long-lasting performance.

Perfect for intricate tasks in professional and DIY applications.
