

Long Nose Plier - Smooth

SKU: GT-PN2006

Features & Benefits

- ◆ Smooth, pointed jaws for precise work in tight spaces
- ◆ 160mm tool length for extended reach and control
- ◆ Steel thickness of 3.0mm for durability and strength
- ◆ Ideal for delicate tasks and hard-to-reach areas

About the Long Nose Plier - Smooth

The Long Nose Plier with smooth, pointed jaws is ideal for reaching and working in tight or hard-to-access areas.

With a 160mm tool length, these pliers offer enhanced reach and precision, making them perfect for delicate tasks and fine manipulation. The smooth jaws ensure a firm grip without damaging components.

Constructed from durable steel with a thickness of 3.0mm, these pliers are built for long-lasting performance and strength in professional applications.
