

# MALMO ESD Shoe

SKU: GS-MALMO

## Features & Benefits

- ◆ **Lightweight, Unisex ESD Shoe**
- ◆ **High-Quality Italian Made Footwear** – Designed for long-lasting comfort, durability, and ESD protection.
- ◆ **G-GEL Anti-Shock Insert** – Heel insert absorbs impact, reducing stress and providing energy return with each step.

## About the MALMO ESD Shoe

### Malmo ESD Shoe – High-Quality Italian-Made Footwear with Advanced ESD Protection and Comfort

The Malmo ESD Shoe is Italian-made and designed for maximum comfort, durability, and electrostatic discharge (ESD) protection. Offering exceptional value for money, this lightweight unisex ESD shoe is ideal for professionals working in ESD-sensitive environments such as electronics manufacturing, cleanrooms, and laboratories. Certified to CE UNI EN ISO 20347:2012 O2 FO CI SRC ESD Class 3, the Malmo ESD Shoe ensures high-performance protection against electrostatic discharge while offering superior comfort and safety. The KUBE bidensity polyurethane sole provides excellent antistatic properties and is resistant to abrasion, hydrocarbons, and hydrolysis. Designed with anti-shock and anti-slip SRC properties, the sole offers secure footing and comfort. The 5000 extracomfort insole is removable, perspiring, anatomic, anti-bacterial, and provides superior moisture absorption. Additionally, the CI insulation protects against cold environments, with a surface temperature resistance of up to -17°C, making this shoe perfect for colder conditions. The G-GEL anti-shock insert in the heel absorbs impact, reducing stress on the feet and providing energy return with every step.

## Specifications

Property	Detail
ESD Class	Class 3
Standard	CE UNI EN ISO 20347:2012 O2 FO CI SRC
Sole	KUBE Bidensity Polyurethane
Insole	5000 Extracomfort
Insulation	CI (to -17°C)
Sizes	UK 2-13 (Euro 35-48)
Weight	380 g (size 42)
Application	ESD-protected areas, electronics mfg, cleanrooms
