About the Manual Metal-Handle Utility Knife with Ceramic Safety Blade

The Manual Metal-Handle Utility Knife with Ceramic Safety Blade is designed for optimal performance and safety in industrial environments.

Featuring a 100% zirconium oxide blade that never rusts, this knife offers durability and reliability with a blade that lasts 11.2 times longer than traditional metal blades.

It is compatible with multiple blade options (sold separately) and comes with 1 x #10524 rounded utility blade, which is stored securely in the Blade Garage™ for convenience.

The knife is ambidextrous, ensuring ease of use for both left- and right-handed users. With a cutting depth of 0.94 inches, this robust tool is built to last.

Comes with 1 x #10524 Rounded Utility Blade

Compatible Blades:

- Utility Blades (Serrated) #10523
- Utility Blades (Rounded) #10524
- Utility Blades (Pointed) #10525
