

Masking Tape

SKU: 301-01 | Sizes: 19mm, 25mm, 48mm

Features & Benefits

- ◆ Lightly creped paper backing for flexibility and easy handling
- ◆ Natural rubber adhesive for reliable bonding
- ◆ **Total thickness:** 90µm +/-10%
- ◆ **Stretch percentage at breaking point:** 11% +/-20%
- ◆ **Tape length:** 50 metres
- ◆ Not suitable for automotive or high-temperature use
- ◆ Premium quality for general-purpose applications

About the Masking Tape

Masking Tape is a premium-quality, general-purpose tape, designed for a wide range of applications such as DIY, building, and picture framing.

Made from lightly creped, impregnated paper, this tape offers reliable adhesion with a natural rubber-based adhesive, making it ideal for surface protection and temporary fixes.

With a total thickness of 90µm and a breaking strength of 3.6kg/cm, it provides secure bonding for various tasks.

However, it is not recommended for automotive use or high-temperature applications. With a tape length of 50 metres, this masking tape offers long-lasting performance for everyday use.

Specifications

Property	Detail
Adhesive value	260g
Breaking strength	3.6kg
Application	ESD-protected areas, electronics mfg, cleanrooms
