

Medium Oval Head ESD Semi Flush Cutter

SKU: G-HT-C3

Features & Benefits

- ◆ **ESD Safe:** Shields electronic components from electrostatic discharge.
- ◆ **Medium Oval Head:** Provides precision cutting with better access to medium-sized workspaces.
- ◆ **Semi Flush Cutter:** Delivers clean, semi-flush cuts for a professional finish.
- ◆ **Laser Cut Design:** Ensures accurate, smooth cuts and increased durability.
- ◆ **Cutting Edge Hardness (62 HRC):** Long-lasting sharpness for consistent performance.
- ◆ **C70 Hardened Steel:** High-quality steel for strength and reliability.
- ◆ **Bi-Component Handles:** Ergonomic supersoft grips for enhanced comfort during extended use.

About the Medium Oval Head ESD Semi Flush Cutter

The Medium Oval Head ESD Semi Flush Cutter is a reliable tool for precision cutting in ESD-sensitive environments.

Designed with a medium oval head and supersoft bi-component handle grips, this cutter ensures comfort and control during detailed tasks. It offers a 1.5mm cutting capacity for copper wire, making it ideal for a wide range of electronic and assembly applications. ESD safe, it protects sensitive components from electrostatic discharge, providing a durable, high-performance solution for professionals.

Specifications

Property	Detail
Cutting Capacity	1.5mm
Tool Length	115mm
Application	ESD-protected areas, electronics mfg, cleanrooms
