

Medium Pointed Head ESD Semi Flush Cutter

SKU: G-HT-C18

Features & Benefits

- ◆ **ESD Safe:** Protects sensitive electronic components from electrostatic discharge.
- ◆ **Medium Pointed Head:** Perfect for precision cutting in tight spaces and intricate tasks.
- ◆ **Semi Flush Cutter:** Delivers clean, semi-flush cuts for a smooth and professional finish.
- ◆ **Laser Cut Design:** Ensures high precision and durability.
- ◆ **Cutting Edge Hardness (62 HRC):** Provides a sharp, long-lasting cutting edge.
- ◆ **C70 Hardened Steel:** Made from high-quality steel for reliable performance and strength.
- ◆ **Bi-Component Handles:** Ergonomically designed with supersoft grips for maximum comfort and control.

About the Medium Pointed Head ESD Semi Flush Cutter

The Medium Pointed Head ESD Semi Flush Cutter is a versatile tool designed for precision cutting in ESD-sensitive environments.

With a pointed head and supersoft bi-component handle grips, it offers excellent control and comfort for delicate tasks.

The 1.2mm cutting capacity for copper wire makes it ideal for various electronic applications. ESD safe, this cutter prevents damage to sensitive components, ensuring long-lasting, clean, semi-flush cuts for professional results.

Specifications

Property	Detail
Cutting Capacity	1.2mm
Tool Length	115mm
Application	ESD-protected areas, electronics mfg, cleanrooms
