

Medium Tapered Head ESD Semi Flush Cutter

SKU: G-HT-C6

Features & Benefits

- ◆ **ESD Safe:** Protects electronic components from electrostatic discharge.
- ◆ **Medium Tapered Head:** Offers precision cutting for access to medium-sized workspaces.
- ◆ **Semi Flush Cutter:** Delivers clean, semi-flush cuts for a neat, professional finish.
- ◆ **Laser Cut Design:** Ensures high accuracy and durability for long-lasting performance.
- ◆ **Cutting Edge Hardness (62 HRC):** Guarantees a sharp, long-lasting cutting edge.
- ◆ **C70 Hardened Steel:** Made from high-quality steel for strength and reliability.
- ◆ **Bi-Component Handles:** Ergonomically designed with supersoft grips for maximum comfort and ease of use.
- ◆ Featuring a 1.5mm cutting capacity for copper wire, it provides clean, semi-flush cuts, making it ideal for delicate electronics work

About the Medium Tapered Head ESD Semi Flush Cutter

The Medium Tapered Head ESD Semi Flush Cutter is a precision tool designed for ESD-sensitive environments.

With a medium tapered head and supersoft bi-component handle grips, this cutter ensures both comfort and control while making precise cuts.

Featuring a 1.5mm cutting capacity for copper wire, it provides clean, semi-flush cuts, making it ideal for delicate electronics work. ESD safe, it effectively protects sensitive components from electrostatic discharge, ensuring reliable performance in various professional applications.

Specifications

Property	Detail
Cutting Capacity	1.5mm
Tool Length	115mm
Application	ESD-protected areas, electronics mfg, cleanrooms
