

PANAREA S1P ESD Safety Shoe

SKU: GS-PANAREA

Features & Benefits

- ◆ **Lightweight, Unisex ESD Shoe**
- ◆ **Low Design with MICRO-tech Technical Fabric** – 1.8-2.0 mm thick fabric for durability and breathability, ensuring perspiration resistance and comfort.
- ◆ **ANTI-TORSION Insert** – Provides foot stability on uneven ground, reducing fatigue and improving balance during long shifts.
- ◆ Crafted with MICRO-tech technical fabric (1.8-2.0 mm thickness) and featuring a highly perspiring, abrasion-resistant lining, the Panarea ESD shoe ensures that your feet stay cool and dry throughout the day

About the PANAREA S1P ESD Safety Shoe

Panarea ESD Safety Shoe – Premium Italian-Made Footwear for Maximum Comfort and Protection

The Panarea ESD Safety Shoe is a high-quality, Italian-made footwear solution designed for professionals in static-sensitive environments. With its lightweight, metal-free design, and exceptional comfort, this shoe provides excellent value for money without compromising on safety or performance. Certified to CE UNI EN ISO 20345:2012 S1P SRC ESD, the Panarea offers superior ESD protection, making it ideal for a wide range of industrial and electronic applications.

Crafted with MICRO-tech technical fabric (1.8-2.0 mm thickness) and featuring a highly perspiring, abrasion-resistant lining, the Panarea ESD shoe ensures that your feet stay cool and dry throughout the day. The 200J polymeric composite toecap provides reliable impact protection while keeping the shoe lightweight. The 3HYBRID polyurethane sole offers exceptional anti-slip, shock-absorbing, and abrasion-resistant properties, while the anti-torsion insert ensures stability on uneven surfaces.

This ESD Class 3 certified shoe meets the IEC 61340-4-3:2017 standards for electrical resistance, providing reliable ESD protection for workers handling sensitive electronic components or working in environments where static electricity poses a risk.

Specifications

Property	Detail
ESD Class	Yes
Toecap	200J Polymeric Composite
Midsole	Flexible Antiperforation
Sole	3HYBRID Polyurethane
Insole	5000
Sizes	36-47
Weight	525 g (Size 42)
Application	ESD-protected areas, electronics mfg, cleanrooms
