

PCB Buffer with conveyor

SKU: 601-637

Features & Benefits

- ◆ **Easy Operation:** Touch Screen Controller for effortless use
- ◆ **Panasonic PLC Control System:** High accuracy and reliability
- ◆ **Fast and Precise Search and Location:** Enhanced performance for PCB handling
- ◆ **Full Closed Design:** Ensures safety during operation
- ◆ **Smaller Footprint:** Ideal for limited space environments
- ◆ **SMEMA Compatible:** Seamlessly integrates with other equipment
- ◆ The PCB Buffer with Conveyor offers a streamlined solution for efficient PCB handling, featuring a user-friendly "soft touch" LED membrane control panel and an intuitive Touch Screen Controller

About the PCB Buffer with conveyor

The PCB Buffer with Conveyor offers a streamlined solution for efficient PCB handling, featuring a user-friendly "soft touch" LED membrane control panel and an intuitive Touch Screen Controller.

Designed with precision and safety in mind, it operates smoothly with a Panasonic PLC control system that ensures fast and accurate search and location.

The closed design ensures operator safety, while the SMEMA compatibility allows seamless integration with other systems.

This buffer provides a compact, reliable solution with a smaller footprint to fit in tighter production spaces.

Specifications

Property	Detail
Dimensions	700 x 844 x 1250mm (LxWxH)
Application	ESD-protected areas, electronics mfg, cleanrooms
