

PONZA S3L FO SR ESD Safety Shoe

SKU: GS-PONZA

Features & Benefits

- ◆ **Lightweight, Unisex ESD Shoe**
- ◆ **High-Quality Italian-Made Footwear** – Expertly crafted for comfort, durability, and ESD protection in sensitive environments.
- ◆ **Low Safety Shoe Design with MICRO-tech Fabric** – 1.8-2.0 mm thick fabric for abrasion resistance and breathability, offering enhanced comfort during long shifts.
- ◆ **ANTI-TORSION Insert** – Provides stability and support on uneven ground, reducing foot strain.
- ◆ **FO Sole Resistance to Hydrocarbons** – Perfect for environments where exposure to oils and chemicals is common.

About the PONZA S3L FO SR ESD Safety Shoe

Ponza ESD Safety Shoe – Italian-Made Footwear with Exceptional Comfort and Electrostatic Protection

The Ponza ESD Safety Shoe is a high-quality, Italian-made footwear designed for professionals in ESD-sensitive environments. Offering superior comfort and antistatic protection, this lightweight and metal-free unisex design ensures reliable protection against electrostatic discharge (ESD) while providing all-day comfort. Certified to CE UNI EN ISO 20345:2012 S1P SRC ESD, the Ponza shoe combines stylish design, performance, and safety for workers in electronics manufacturing, cleanrooms, and other industries requiring static control.

The MICRO-tech technical fabric upper is abrasion-resistant and breathable, while the 200J polymeric composite toecap provides impact protection without the weight of traditional metal toecaps. The 3HYBRID polyurethane sole is built for antistatic protection, shock absorption, and anti-slip resistance, making it the perfect shoe for demanding work environments.

Specifications

Property	Detail
ESD Class	Yes
Lining	Highly Perspiring and Abrasion-Resistant
Toecap	200J Polymeric Composite
Midsole	PL
Sole	3HYBRID
Insole	5000
Sizes	36-47
Weight	485 g (size 42)
Application	ESD-protected areas, electronics mfg, cleanrooms
