About the Prestige Cottam 1" (25mm) Paint Brush NON ESD

The Prestige Cottam 1" (25mm) Paint Brush NON ESD is a high-quality industrial-grade brush designed specifically for oil-based paints and coatings.

This brush is ideal for professional use, offering precision and durability for a flawless finish.

It features a varnished wooden beaver tail handle for a comfortable, ergonomic grip, ensuring ease of use during extended periods of work. The stainless steel ferrule provides a secure and stable connection between the handle and bristles, preventing any loosening or wear. Crafted with 100% pure black bristle, this brush offers exceptional paint-holding capacity and smooth application.

Whether for detailed work or larger surface coverage, the Prestige Cottam Paint Brush ensures a premium performance every time.
