

Q02 - Hot Air Nozzle

SKU: GW-Q02

Features & Benefits

- ◆ Hot air nozzle with 4-sided heating for uniform heat distribution
- ◆ Compatible with HAP 1, HAP 200, and WXHAP 200 hot air tools
- ◆ Ideal for precise and even heating of small components
- ◆ Supplied individually (1 per package)
- ◆ Part of Weller's professional hot air nozzle range

About the Q02 - Hot Air Nozzle

The Weller Q02 Hot Air Nozzle is a high-performance tool designed to provide uniform heat from all four sides, ensuring precise and consistent rework results.

With a length of 6.0 mm and a width of 6.5 mm, this nozzle is ideal for heating small components evenly during soldering or desoldering processes.

Compatible with HAP 1, HAP 200, and WXHAP 200 hot air tools, the Q02 is supplied as a **single unit per package**.

As part of Weller's professional nozzle family, it offers reliability and accuracy for demanding electronic applications.
