

QUICK 800 PCB Holder Large

SKU: GQ-800L

Features & Benefits

- ◆ **Dimensions of Bottom Board:** 350(L) x 250(W) mm for solid support.
- ◆ **Large PCB Holder Size:** 382(L) x 300(W) x 110(H) mm, ideal for larger PCBs.
- ◆ **Small PCB Holder Size:** 216(L) x 180(W) x 82(H) mm for smaller boards.
- ◆ **Heating Function:** Simultaneous upward and downward heating, perfect for BGA and chip desoldering.
- ◆ **Adjustability:** Easily adjusts to different PCB sizes, offering flexibility for various projects.
- ◆ **Chip Handling:** Optional function for picking up and placing chips as required.

About the QUICK 800 PCB Holder Large

The Quick 800 PCB Holder Large is an adjustable rework fixture that provides reliable support for printed circuit boards (PCBs) during maintenance and rework tasks.

With a combined working plate and adjustable height, it is designed to accommodate both small and large PCBs, making it perfect for de-soldering BGA and other chip components that require precise preheating. This fixture offers stability and ease of use for various repair applications.

Specifications

Property	Detail
Height	380mm, with fine adjustment height of 60mm for accurate positioning
Weight	5.6kg, ensuring a stable and sturdy setup
Application	ESD-protected areas, electronics mfg, cleanrooms
