

QUICK 800 PCB Holder Small

SKU: GQ-800S

Features & Benefits

- ◆ **Dimensions of Bottom Board:** 350(L) x 250(W) mm for secure support.
- ◆ **Small PCB Holder Size:** 216(L) x 180(W) x 82(H) mm for smaller PCBs.
- ◆ **Large PCB Holder Size:** 382(L) x 300(W) x 110(H) mm for larger boards.
- ◆ **Heating Function:** Supports upward and downward heating, ideal for BGA and chip desoldering.
- ◆ **Adjustability:** Customisable to different PCB sizes for versatile use.
- ◆ **Chip Handling:** Optional function for picking up and placing chips as needed.

About the QUICK 800 PCB Holder Small

The Quick 800 PCB Holder Small is an adjustable rework fixture designed to securely hold printed circuit boards (PCBs) during maintenance and repair.

With a versatile working plate and fine height adjustments, it is particularly suited for tasks such as BGA desoldering and chip rework that require precise preheating. This compact yet sturdy holder ensures optimal stability for a variety of PCB sizes and configurations.

Specifications

Property	Detail
Height	380mm, with fine adjustment height of 60mm for precision
Weight	5.6kg, offering a solid and stable setup
Application	ESD-protected areas, electronics mfg, cleanrooms
