

Qualitek 392-35 No Clean LEAD FREE Flux 1Litre

SKU: LF-392-1

Features & Benefits

- ◆ **Low-solids, organic flux** with excellent wetting and fluxing activities
- ◆ **Designed for lead-free soldering** for eco-friendly soldering applications
- ◆ **Leaves low residue**, ensuring bright, shiny solder joints
- ◆ Suitable for both foam and spray applications
- ◆ **Bellcore compliant** for high industry standards
- ◆ **Rosin/Resin-free** for a cleaner soldering process
- ◆ **Colour:** Straw
- ◆ **Specific gravity:** 0.810 at 25°C (77°F)
- ◆ **Shelf life:** 2 years (unopened)
- ◆ **Acid value:** 40-45
- ◆ **Solids content:** 4.55%
- ◆ **Flash point:** 53°F (TCC)
- ◆ **J-STD-004 Flux type:** ORL0

About the Qualitek 392-35 No Clean LEAD FREE Flux 1Litre

Qualitek 392-35 No Clean Lead-Free Flux (1 Litre) is a low-solids, organic flux designed specifically for lead-free soldering applications.

With excellent wetting and fluxing capabilities, it leaves minimal residue, ensuring bright and shiny solder joints with a clean finish. This versatile flux is **suitable for both foam and spray applications**, and is Bellcore compliant, making it ideal for high-standard electronic soldering. It is rosin and resin-free, offering a cleaner process and reducing the need for post-soldering cleaning. With a specific gravity of 0.810 at 25°C, it provides consistent performance, making it a reliable choice for lead-free soldering.
